

Looking to deliver top-quality services to individuals with severe behavior in a setting that values collaboration, innovation, and evidence-based care?

Architectural Photography by Brad Anderson

The Specialized Behavior Intervention Department is now hiring a Board Certified Behavior Analyst (BCBA)

Become a BCBA at the Munroe-Meyer Institute (MMI) Specialized Behavior Intervention Department!

We provide intensive, evidence-based services for children and adolescents with severe behavior disorders, including aggression, property destruction, and self-injury.

As a Board Certified Behavior Analyst, you will:

- Conduct functional and skills-based assessments
- Design, implement, and monitor individualized behavior intervention plans
- Provide daily supervision, coaching, and feedback to behavioral staff
- Train and collaborate with caregivers to support meaningful, lasting change
- Work alongside an interdisciplinary team of nationally-recognized faculty

Bring your passion – training provided.

- Receive on the job training with ongoing supervision, mentorship, and professional development provided by experienced clinicians.
