Overview:

Galliant is looking for a passionate and highly skilled BCBA for our new **Gretna, NE** clinic!

At Galliant, we believe in the power of compassion, innovation, and dedicated individuals coming together to make a real impact. Galliant provides ABA Therapy to children with Autism both in clinics and in-home throughout Texas and Nebraska, with a mission to help every person reach their full potential. We are committed to delivering excellent care through reducing challenging behaviors, enhancing functional skills, and improving communication.

We are actively seeking a BCBA who wants to join our community based work environment and use their extraordinary clinical judgment to provide optimal services to children.

What To Expect:

- Assist with the growth and development of Galliant's services
- Develop individualized behavior intervention programs based on the principles of applied behavior analysis (ABA).
- Conduct all supervisory and program management responsibilities for families
- Supervise, shadow and train RBTs working directly with clients
- Provide education and training to parents participating in the parent training model of service delivery
- Ensure appropriate implementation and maintenance of individualized ABA programs
- Develop, monitor, and analyze individualized data measurement systems for each intervention program.
- Regularly update programming and treatment plans based on data based decisions.
- Follow up at regular intervals with families and staff to ensure successful implementation of interventions and instructional programs
- Lead large group trainings covering topics related to autism spectrum disorders and behavior management strategies
- Ensure billable requirement metric of 360 hours per quarter for full time ACD

Who You Are:

- Believes that effective ABA therapy is individualistic, customized and assent based
- Master's Degree in Psychology, Special Education, Applied Behavior Analysis or related fields. PsyD's are encouraged to apply
- Board Certified Behavior Analyst (BCBA)
- Previous clinic leadership experience
- Excellent understanding and utilization of ABA
- Advanced knowledge of autism spectrum disorders (ASD)
- Experience implementing a variety of standardized assessments, including but not limited to Vineland Behavior Scale, VB-MAPP, ABLLS, and EFL
- Demonstrate ability to communicate with multiple funding sources and parents
- Enjoys collaborating with RBTs and helping guide them in effective care for the client

Why Join Galliant?

- **Purpose Driven Work** - Embark on a fulfilling journey where your daily efforts directly contribute to transforming lives.
- **Inclusive and Supportive Environment** - At Galliant, we foster an inclusive and supportive workplace culture. We value diversity and celebrate the unique strengths each team member brings to the table. Here, you'll find a collaborative atmosphere where your ideas are heard, and your contributions are recognized.
